

ALBION STONE

portland stone - naturally

**20 Gracechurch Street
London EC3**

Architect/Designer:
ORMS Architecture Design

Client:
Morley Fund Management

Main Contractor:
HBG Construction

Completion Date:
2010

Portland Stone:
Bowers Baseded
New Independent Whitbed

Scope of Project:

20 Gracechurch Street is situated on an island site in the heart of the City at the intersection of Lombard Street and Gracechurch Street. The building, has one of the City of London's most prominent towers.

The building comprises of offices on 1st to 16th floors and three retail units on the ground and lower ground floors. It has been comprehensively refurbished, including a transformed new facade on the ground to third floors, designed by ORMS Architects.

Albion Stone supplied 2,500m² of cladding covering six floors. The total stone provided was 650m³ at a cost of £1.4 million.

The project got 'Commended' at the Natural Stone Awards 2010 in the 'New Build Modern Style Stone Cladding'
