storey office
development.**

50 St Mary Axe is a brand new office development comprising approximately 32,500 sq ft arranged over lower ground, ground and seven upper floors.

Externally the use of Portland Limestone and bronze façade materials responds to the adjoining listed Baltic Exchange, whilst the internal design will deliver a contemporary high specification office and achieve a BREEAM Very Good rating within the constraints of the building envelope.

Albion Stone supplied 125m³ of Portland Jordans Whitbed and Bowers Basebed in the form of cornices, mullions, window cills, window heads and ashlar panels.
